

## Welcome to the SCS & LAA e-newsletter. In this edition

- Cornwall Strategic Partnership, the LAA Management and Development Boards and CCC Executive have agreed a list of 'up to 35' indicators that will form part of the new LAA
- Beacon Scheme 2007

## You need to know...

The current **issues** were agreed at the Special Meeting of the CSP met on 29th February. The CSP also agreed the need for the following additional issue papers:

- Children and young people
- Competitive economy

Significant amendments are also agreed for:

- Engagement with cultural activity to be expanded to encompass Cultural distinctiveness
- Independence of older people to be expanded to encompass all vulnerable adults

It was decided that the Sustainable Community Strategy will focus on all of the **issues** with cross cutting themes.

## SCS events and milestones

Drafting of the strategy will take place throughout March. Further details regarding the timetable will be available shortly.

## Existing LAA

Cornwall Strategic Partnership, the LAA Management and Development Boards and CCC Executive have agreed a list of 'up to 35' indicators that will form part of the new LAA. Negotiations are continuing in respect of inclusion of all these indicators and are subject to the final definitions being received and guidance on performance reward grant.

The final number is 'up to 35' and does not have to be 35 and it has been recommended that this list be reviewed to see if it can be further reduced. Delegated authority will enable further revisions if required. For more information on this process and the list of 'up to 35' targets [click here](#)

It is really important to stress that the "up to 35" are only part of the bigger picture. Cornwall needs to put together LAA outcomes with a mix of national and local indicators. LAA Partners also have a duty to have regard to the local indicators. A diagram displaying this structure is available by [clicking here](#)

### Beacon Scheme 2007

We were unsuccessful in our application for Beacon status under the theme of Local Strategic Partnerships and Local Area Agreements, although the high-profile Beacon Awards event recognised all shortlisted councils' clear vision, outstanding achievement and service excellence. To view the main Beacon Report [click here](#) (see page 37 for Cornwall), or to view the specific feedback report on our assessment [click here](#)

## We'd like your comments on...

The draft Sustainable Community Strategy will be available on the CSP website soon – watch this space!
